PROCESSES HEARING ON DETAINED GOODS

William W. Bride Persuades British Government to Release Shipments to U. S.

GERMAN PRODUCTS HELD UNDER ORDER IN COUNCIL

Description of Zeppelin Raid on London October 13—Residents in Abject Terror.

William W. Bride, who has just returned to Washington from a prolonged visit in England, where he has been engaged in an effort to persuade the British government to release certain shipments of German goods intended for American purposes, today described his experiences while on the other side of the Atlantic, to a representative of The Star.

Referring to his negotiations with the British government, Mr. Bride said he found all officials eminently fair, whenever it could be shown that the goods were American whose interests were being injured. In such instances, he said, but little difficulty was experienced in the preliminary negotiations and everything was done to facilitate the shipment of the goods when they had been released.

Mr. Bride went to England at the instance of seventy-eight of the biggest importers in the United States. Shipments ordered by his clients prior to the order in council of March 1, but not delivered at the time, were being held, and it was his purpose to persuade the British government to release them. In such instances, he said, but little difficulty was experienced in the preliminary negotiations and everything was done to facilitate the shipment of the goods when they had been released.

Encounters Definite Refusal.

He at first met with definite refusal. The British, he says, regard the order in council as their most effective weapon against Germany, and are unwilling to relax it. But, in the course of time, Sir Edward Grey and Hon. Cecil J. B. Hurst, with whom he principally dealt, became persuaded of the justice of his claims and, after much discussion, agreed to an argument of the cases, stipulating that no goods ordered subsequent to March 1 should be considered.

Mr. Bride won sixty-nine out of the seventy-eight claims he presented, and the shipments ordered by his clients prior to the order in council of March 1, but not delivered at the time, were being held, and it was his purpose to persuade the British government to release them.

Zeppelin Raid Described.

Mr. Bride described his experiences in the Zeppelin raid of October 13. He was staying at the Hotel Cecil, he says, and left the hotel about ten minutes before the raid, walking up Kings Way. Standing directly before the Morning Post building when the first bomb struck at the rear of the building. After he was showered with falling glass and ran into the Waldorf Hotel just as a second bomb struck in the front of the theater. To quote his description of the scene:

"It is impossible to describe the effect of the rapid explosion that followed as the Zeppelin, following an established precedent, dumped the rest of its bombs overhead and ran for it. A direct terror is the first effect produced. It is later, as the giant air ship races away from the network of searchlights and showers of lead from the anti-aircraft guns, that the British calm, recently so much exposed, asserts itself. I saw looked like a giant beetle in the sky. No one knew it was there until the first bomb fell."

Mr. Bride said that he assisted in the rescue work and left London the next day.

FRENCH PUNISH WAR GRAFT.

Army Officers Who Accepted Commissions Are Sent to Prison.

MARSEILLE, France, November 8.—A vigorous campaign undertaken by the French government to punish persons who have profited unduly from the needs of the nation is well under way. A supply corps officer named Parent and his soldier clerk have been sentenced by a court-martial to five years in prison and fines of 1,500 francs (\$200) for accepting commissions from contractors on purchases of supplies amounting to more than 6,000,000 francs (\$1,500,000).

POPE IS ABSOLUTELY NEUTRAL.

Clergy in Warring Countries Free to Manifest Patriotism.

ROME, November 7, via Paris, November 8.—Official denial in the Vatican of the rumor that Monsignor Marchetti, papal delegate to Switzerland, had met Prince von Buelow, former German chancellor, to discuss peace negotiations, has been supplemented in the Vatican with the statement that such reports tend to mislead the public concerning the real attitude of the holy see, which leaves episcopacy and clergy in each belligerent country entirely free to manifest their patriotic feelings. This course has been so widely followed in Italy that 60,000 ecclesiastics are serving in the army.

The Pope, on the other hand, is absolutely neutral. He sides with neither group of belligerents, it is asserted, and is anxious only to diminish the horrors of war by hastening in every possible way the conclusion of peace. All the pontiff's efforts in this direction are taken without the church having any direct interest in them.

THREE BELGIANS EXECUTED ON CHARGES OF ESPIONAGE

AMSTERDAM, via London, November 8.—A dispatch from Brussels by way of Berlin says:

"A field court-martial has sentenced to death three Belgians and condemned another to twelve years' imprisonment since February, 1915. The condemned had noted all military transports proceeding to and returning from the front along two railway lines, which information they communicated to the allies. The sentences were confirmed and executed."

Half Billion Loan for Russia.

PETROGRAD, via London, November 8.—The finance committee has approved the terms of a new internal loan of 1,000,000,000 rubles (\$500,000,000). The loan will run for ten years. The rate of interest will be 6 1/2 per cent and the loan will be issued at 95.

NOT TO SUPPORT NAVAL PROGRAM OF PRESIDENT

Representative Kitchin Makes Frank Avowal After White House Interview.

After conferring with President Wilson an hour and a quarter this afternoon, Representative Kitchin of North Carolina, who is to be chairman of the ways and means committee of the House in the next Congress, made this brief statement:

"I have had a most pleasant talk with the President, but I regret to say that I will not be able to support his naval program."

Mr. Kitchin, when asked to give reasons for his decision, said that he would make his position known on the floor of the House. He was asked whether he agreed with the President on the enlargement of the navy, and stated that he had not discussed the matter with the President and did not know what he would do.

Enlargement of Navy Discussed.

Mr. Kitchin went to the White House at noon, and it was 1:15 o'clock when he left. The President and Mr. Kitchin discussed the enlargement of the navy. Mr. Kitchin added that his opposition to the naval program would be wholly personal and in no manner representing the democrats of the House, who were, he believed, largely in favor of the national defense program of the President.

Mr. Kitchin's frank avowal of his opposition to the President was expected by those who know him and his courage in standing by his convictions, it was said today.

PUPILS PANIC STRICKEN.

Cry of Fire Startles Those Who Recently Passed Through Ordeal.

PEABODY, Mass., November 8.—A cry of "fire" that rang through the old high school building here where 300 pupils of St. John's parochial school, recently destroyed by fire, had assembled for their studies, today, caused a panic and a wild scramble for the exits. There were no fatalities, although a boy who jumped through a window broke his arm.

The pupils evidently were still nervous from their recollection of the fire of October 28, which resulted in the loss of twenty-one lives. The sight of steam escaping from a radiator frightened one of the pupils and his shrill cry was instantly followed by a stampede.

DONATION TO CORNELL.

Gifts by George F. Baker of New York Aggregate \$260,000.

ITHACA, N. Y., November 8.—The trustees of Cornell University in session here announced that George F. Baker, chairman of the First National Bank of New York, is the donor of a gift of \$260,000 for three Cornell dormitories.

Although Mr. Baker made his original gift of \$160,000 two years ago and a supplementary gift of \$100,000 last January, his name was withheld at his request and has just been made known.

EXPRESSES THANKS TO U. S.

Japanese Newspaper Acknowledges Courtesy Shown Coronation Fete.

TOKYO, November 8.—Thanks to the United States government for its courtesy in sending here for the coronation celebration the cruiser Saratoga, flagship of the Asiatic fleet, are expressed by the Asahi Shimbun of Osaka, which directs attention to the absence of naval representation by other powers, notably China, Japan's nearest neighbor.

United States Ambassador Guthrie and the diplomatic representatives of the other treaty nations left today for Kyoto to attend the coronation ceremonies.

New York Land Award Canceled.

Because the federal courts in New York had granted William Saxe, Jr., as compensation for land taken by the city of New York in Ulster county, New York, for reservoir purposes not only the value of the land and buildings for agricultural purposes, but in addition the value for reservoir adaptation, the Supreme Court of the United States today reversed the holdings. Justice Holmes said it was now settled that the rule of fixing the value was the amount the land would bring at an ordinary sale.

PERFECT ORGANIZATION TO AID WAR ORPHANS

Branch of French Society Being Formed Here to Help Destitute Children.

Mme. Juseferand, wife of the French ambassador to the United States, is to attend and participate in the meeting scheduled for 4:30 o'clock this afternoon at Rauscher's, at which the work of the Orphanat des Armées de France, will be further prosecuted. This organization is intended to supplement the work of the French government in caring for the many thousand destitute children of the French soldiers who have given up their lives in the war, and already a number of prominent women here are lined up with the movement to establish an auxiliary in the United States and have announced their readiness to care for one or more French orphans.

Previous meetings have been held at the home of Mrs. Honore Jennings and Mrs. Archibald Hopkins, addressed by Miss Ellinor Fell and Miss Florence Schofield, both of England, and at a third gathering yesterday at the residence of Mrs. Hamilton Wright a national committee was partially formed. It consists so far of Mrs. Franklin K. Lane, Mrs. Franklin D. Roosevelt, Mrs. Frederic Delano, Mrs. Charles Hamlin and Frederick Hudekoper, all of Washington, and Frederick Couderd of New York.

To Perfect Organization.

At this afternoon's meeting it is planned to perfect the organization of the District of Columbia branch, the first local unit of the hoped-for national body. Miss Julia Lathrop is to introduce the speakers, who include Miss Schofield and Miss Fell, both of whom are to tour the United States to urge similar branches in other large cities.

The parent association in France has the signed approval of President Poincare, high government officials and women. The government stipend allowed the orphans is deemed insufficient for their proper care in their own homes, and the plan is to supplement this sum from private sources. The sum of \$36 will maintain one orphan for a year, and the work is to be continued until the last of the war's fatherless children shall have attained his or her majority.

Mrs. Belva Lockwood to Speak.

"The Wants of the World" is the topic announced for an address to be delivered by Mrs. Belva A. Lockwood at a meeting scheduled for 8 o'clock tomorrow evening in the Public Library, under the auspices of the League of World Peace. The general public is invited to attend.

Alexander T. Stuart, director of intermediate instruction, is holding a series of meetings for teachers of the four upper grades of the public schools, explaining the courses of study. "SURPRISES" FOR THE ALLIES.

Maj. Morant Comments on Recent Statement of Premier Asquith.

BERLIN, November 8, by wireless to Sayville, N. Y.—The statement of Premier Asquith in his recent speech in the house of commons that the war had brought surprises to all elicited today the following comment from Maj. Morant, the military critic:

"The 'surprises' were the German advance in Russia, the failure of the Franco-British attack against the German west front, the great and swift successes of the Austrians, Hungarians, Germans and Bulgarians in the Balkans and the insufficiency and lack of system of the allies' action in Serbia, which was carried on as though it were a reconnoitering movement in the colonies, instead of a serious military operation."
